

India Industry Water Conclave on
Sustainable Water Management: Creating a Paradigm Shift
Synergy | Shared Vision | Corporate Leadership
&
4th Edition of FICCI Water Awards

December 14, 2016
FICCI, Federation House, Tansen Marg, New Delhi

Agenda Outline

09:15 – 10:00 a.m.	Registration
10:00 – 10:45 a.m.	Inaugural Session
10:45 – 11:15 a.m.	Presentation of Awards to Winners of 4th Edition of FICCI Water Awards
11:15 – 11:30 a.m.	Tea Break
Session 1: 11:30 – 01:00 p.m.	Enabling Policy and Regulatory Framework for Sustainable Water Management The session will focus on facilitating an enabling framework for recognizing water as a shared resource and for promoting integrated water resource management. It is also expected to explore policy measures to incentivize the use of treated wastewater to industry for going beyond compliance.
1:00 – 1:45 p.m.	Lunch Break
Session 2: 1:45 – 3:00 p.m.	Water-Industry-Agriculture Nexus: Harnessing the interdependencies The session will identify linkages, challenges, opportunities, solutions and highlight case studies based on Smart Agriculture and off-grid applications for water-energy nexus, initiated by corporates for the better management of water in the Agriculture sector.
3:00 – 3:15 p.m.	Tea Break
Session 3: 3:15 – 4:45 p.m.	Water Use Efficiency in Industries: Best Practices The session will demonstrate responsible behaviour and proactive initiatives in the realm of water use efficiency through innovative technologies and solutions. The session aims at showcasing such initiatives by industry towards sustainable water use.
Session 4: 4:45 – 5:45 p.m.	Augmentation of Water Supply: Efficient Models and Potential Synergies The session will address the issue of water recycling in domestic and industrial sectors, reuse as well as technologies for water augmentation, while also the role for Public-private partnership (PPPs) for Sustainable Water Management as one of the ways, to efficiently manage resources. This requires a structured approach towards creating an enabling environment for private and public investment in water infrastructure for water augmentation systems and encouraging water stewardship.
